<b>College</b>	College of Nursing
<b>Department</b>	Nursing

<b>Course Code</b>	<b>0801342</b>
<b>Course Name</b>	<b>Maternity health nursing / Theory</b>
<b>Credit Hours</b>	<b>3</b>
<b>Perquisites</b>	<b>801223 and synchronous with 801315</b>
<b>Instructor</b>	<b>Dr. Laith Alosoufe</b>
<b>Office &amp; Office Hours</b>	<b>3 hrs/week</b>
<b>Email</b>	

<b>Course Description</b>	The course provides the students with the concepts and knowledge necessary to maintain and promote women's health throughout their life – span; through pregnancy, interconceptional and premenopausal periods, focusing on primary health care concepts. Nursing strategies implemented at different maternity clinical settings are directed toward meeting the physical, emotional and educational health care needs and nursing management of non-pregnant females and women during normal and complicated childbearing and their families. Newborn care will be addressed.
